 Re: Secondary Practice Areas List

We are compiling a list of which NELA-NJ members practice law in other areas besides employment law. Hopefully, this will facilitate making and receiving referrals among members. Please check the boxes below for each practice area that you want to identify as your secondary practice areas. This list will be provided to NELA-NJ members only, in hard copy and online.

Note: Secondary practice areas will NOT be visible to the general public, they will only be provided to your fellow NELA-NJ members.

Please complete this form as soon as you can – ideally by **August 15** - and return it, preferably by email, to: me at lcurry@njemployeeerights.com. You may also fax it to me at **201-498-0909**. We have a summer clerk lined up for this project; he is going back to school in late August so we would appreciate getting the information in time for him to work on it.

The list will be compiled as soon as possible, but the entire process will depend on how long it takes for people to return their completed forms. Any questions, please contact me.
